

You know that life insurance is a **critical part of your overall benefits plan** — that's why you chose to enroll in the Group Life insurance program offered by your employer. As you leave your employment, you have **options** to continue your current Group Life coverage and **maintain this important protection** for you and your family.

Now you have **important decisions to make** about continuing your Group Life insurance benefits.

There are **two options** under which you can continue your coverage — **Portability** and **Conversion**. This brochure is designed to answer the most common questions about each option and give you a side-by-side comparison, so you can choose the option that best meets your needs.

### Is there anything else I need to know?

To continue your life coverage benefits, you will receive a notice after your group life benefits end which includes coverage amounts and eligibility dates.

If you wish to increase your coverage amount or add spouse or child coverage, the non-underwritten policy available through the Conversion process may not meet your needs. An individually underwritten policy may be more cost-effective and provide additional benefits, such as the ability to elect waiver of premium, accidental death benefit and/or a children's term rider, that are not available with a Conversion policy. You may apply for a medically underwritten life insurance policy simultaneously with your application for the Conversion policy. Underwritten policies are subject to underwriting requirements, so you may have to provide medical information. If you apply for both the Conversion policy and an underwritten policy and are approved for the underwritten policy, then you can choose the underwritten policy. If you are not approved for the underwritten policy, then the Conversion policy will be issued and become effective on the 32nd day after your group coverage ends.

Portability or porting is an optional feature chosen by your former employer. It allows you and your dependents to continue their Group Term Life and Accidental Death and Dismemberment (AD&D) insurance under a separate policy. Once enrolled, MetLife will mail you a portable certificate and your initial bill. Instructions on how to set up the monthly Electronic Funds Transfer (EFT) can be found on the back of your bill. If you apply for Portability, preferred portable rates are available for you and your spouse or domestic partner with Evidence of Insurability (EOI). Portable coverage is effective on the 32nd day after group coverage ends.
