

MPC860SAR 357 PBGA VIEWLOGIC PART SYMBOL

**Netcomm Applications
Motorola, Austin, Texas**

DESCRIPTION

This package contains the following files:

- 860SAR.1 -- a Viewlogic part symbol for the MPC860SAR
- 860SAR~1.RPT -- a text file containing additional documentation for the part symbol
- 860SARVL.PDF -- an Adobe Acrobat PDF of the symbol

Special thanks to Cayman Systems for contributing this material. Please note that Motorola is providing this material "as is" as a service for those who might find it useful, but Motorola does not assume liability or offer support for it. Please do not submit questions regarding this material.

Information in this document is provided solely to enable system and software implementers to use PowerPC microprocessors. There are no express or implied copyright licenses granted hereunder to design or fabricate PowerPC integrated circuits or integrated circuits based on the information in this document.

Motorola reserves the right to make changes without further notice to any products herein. Motorola makes no warranty, representation or guarantee regarding the suitability of its products for any particular purpose, nor does Motorola assume any liability arising out of the application or use of any product or circuit, and specifically disclaims any and all liability, including without limitation consequential or incidental damages. "Typical" parameters can and do vary in different applications. All operating parameters, including "Typicals" must be validated for each customer application by customer's technical experts. Motorola does not convey any license under its patent rights nor the rights of others. Motorola products are not designed, intended, or authorized for use as components in systems intended for surgical implant into the body, or other applications intended to support or sustain life, or for any other application in which the failure of the Motorola product could create a situation where personal injury or death may occur. Should Buyer purchase or use Motorola products for any such unintended or unauthorized application, Buyer shall indemnify and hold Motorola and its officers, employees, subsidiaries, affiliates, and distributors harmless against all claims, costs, damages, and expenses, and reasonable attorney fees arising out of, directly or indirectly, any claim of personal injury or death associated with such unintended or unauthorized use, even if such claim alleges that Motorola was negligent regarding the design or manufacture of the part.
